

speeding, although his uniform is proper. That's what the man is to wear. He's an undercover agent. He does not have to wear a uniform, but he can't stop that person, but he has a patrol car that officially has all the instruments and gadgets, as Senator Chambers...to stop a speeder. I think that's wrong, absolutely wrong. And this amendment strikes "is in uniform and displays his or her badge of authority". If this plainclothesperson stops a vehicle, displays his badge, that's fine. If he is in uniform and doesn't have a badge, that's fine. But the way it reads now, he has to, and the plainclothes personnel, and there's lots of them, folks, in Omaha, on the interstate, weight and scales, there are a lot of plainclothes people who have the devices and the vehicles who if this is kept or this is adopted...not adopted, will not be able to enforce the law that they're supposed to. So I will ask for your support of the amendment to remove, "is in uniform and displays his or her badge of authority". Thank you, Madam President.
